- Post-event thank you in Hillsboro & Beaverton newspapers.

At Willamette West Habitat for Humanity, we believe that women build great things. Willamette West's Women Build program is a fun, unique, and impact-driven opportunity that empowers women (and men) from all walks of life, of all different ages, backgrounds, skill levels, and industries to come together, address the housing crisis in Washington county, and build a stronger community.

Providing a unique opportunity to swing hammers and fundraise, Women Build promotes empowerment, solidarity, learning, and pride in our community. It encourages women (and men!) to give back and help Habitat make a difference in the lives of local families.

We'll be serving the appropriate snacks & beverages and both shifts will gather from 11:45am - 12:30pm to have lunch together.

A variety of volunteer dates are available in 2020. Please contact us for availability in March, April, May, and June.

*Sponsors and those who fund raise will receive first choice of volunteer day; others will be subject to space availability.
